FOREWORD

Back in the 1960's three enterprising and pioneering brothers namely Denis, Shane and Ralph Cadzow farming on the Island of Luing off the west coast of Scotland had a vision of producing a new breed of cattle. A mixture of the finest Beef Shorthorn and Highland genes were pooled together and the Luing breed was born. The rest as they say - is history!

The Luing herd is one of the most respected within the breed. This sale now offers intending purchasers a once in a lifetime opportunity to purchase into some of the finest bloodstock and genetics available on the open market.

The health status of the Luing herd has always been of paramount importance to Cadzow Bros and their vet, Mr T Carre of Oban Veterinary Surgeons states:

“ The Island status provides a good natural barrier to disease allowing the herd to be run extensively with minimal disease problems.

In view of this excellent bio security, Cadzow Bros, were in the vanguard of the Cattle Health Scheme achieving BVD accreditation in November 2000 and IBR in January 2002. A small yearly screen is also done for Leptospirosis giving continual negative results over the last decade. Any cattle coming on to the island are treated with high doses of Streptomycin to try to avoid bringing disease in.

It is a well run herd producing quality stock with, very much, a proactive approach to herd health.”

The cattle are presented for sale in their natural state having spent their entire lives on an extensive management system never having been housed. Great credit must go to our stock manager, Leslie Robson, whose sterling and professional efforts are clearly evident in the presentation of the cattle here to-day.

We wish you every success with your purchases at the sale and are confident that they will go on and do well for all those who buy them.

Cadzow Bros
Isle of Luing

TERMS OF SALE

Our Terms of Sale are strictly payment on the day. Any strangers wishing to purchase must contact the auctioneers prior to the sale providing a written credit reference from either a bank or their local mart.

CONDITIONS OF SALE

The animals will be sold under Dispersal Sale Conditions whereby as much information as possible will be provided but no warranties are either given or implied. All females are sold as Free of the Bull unless otherwise stated at time of sale. All males calves have been left entire.

REMOVAL OF ANIMALS

No animals may leave the premises without an Official Pass obtained from the main office upon settlement.

BCMS MOVEMENTS

All movements will be reported automatically for all purchases.

INSPECTION

The animals will be available for inspection in the market premises from Thursday 3rd June at 12 noon onwards.

TRANSFERS

All calves will be registered at the request of the purchaser. Purchasers are reminded that they are liable for payment of the Transfer Fee of £10 + VAT per female payable to the Luing Cattle Society for any registered animal they wish to transfer into their own pedigree herd.
