Points to note:

- No bull will be accepted for entry to a sale if the dam is alive in the vendor's herd and has not been presented for classification.
- In order for the bull to be approved for an official Society Sale, the dam must achieve at least the standard score (5 out of 10) in every individual trait (feet, locomotion, udder, teats).
- Note that dams of bulls must be available on a hard standing or they will not be classified.
- Passports for each bull, it's dam and the dam's most recent calf (if still on-farm) to be available for checking
- Please indicate in the space provided any dates in November that would NOT be suitable for inspection _____
