LUING PRODUCTION SALE

OBAN LIVESTOCK CENTRE

14TH NOVEMBER 2026 -11.00AM

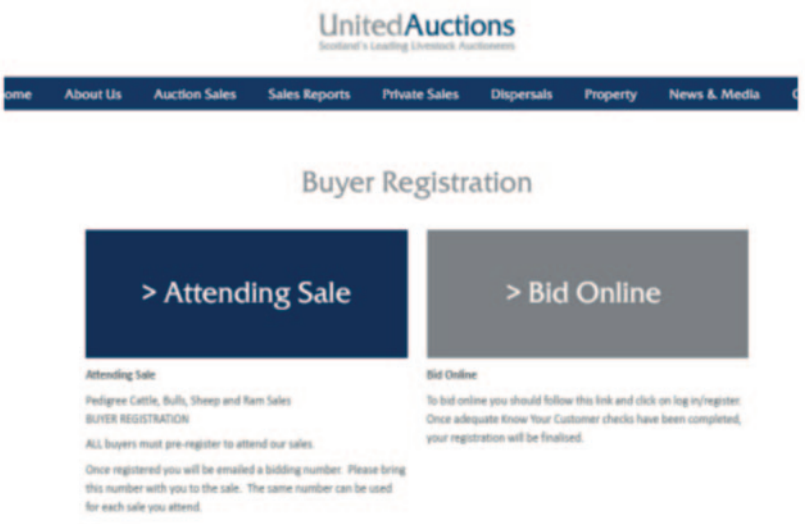

United Auctions

— Since 1858 —

Buyer Registration

All buyers must register for the sale for either attending or bidding online at www.uagroup.co.uk/sale-attendance

Auctioneers' conditions of sale

Terms of Sale – Cash. Interest chargeable from date of purchase at 8% over Royal Bank of Scotland base rate. Purchases shall be governed by and constructed in accordance with the law of Scotland and the non-exclusive jurisdiction of Glasgow Sheriff Court is prorogated to this contract.

Please note the following surcharges will apply on Business Card payments:

Business Debit Card 0.8%
Business Credit Card 1.8%

Terms and Conditions of Sale are as displayed on entry to auction ring and can be downloaded from www.uagroup.co.uk or are available in hardcopy from market office.

Phone Bids

All purchasers intending to bid by telephone must be pre-registered with payment terms approved.
No telephone bids from unregistered bidders will be taken on the day.
To register please email mowens-smith@uagroup.co.uk.

NO SMOKING

It is an offence to smoke in these premises. This includes the Sale Rings, Exhibition/Show Hall, Concourse and all Pennage Areas.

Anyone smoking will be asked to extinguish their smoking material immediately or leave. Your help in maintaining a smoke free environment for the benefit of all is appreciated.

Keep Children Safe – Bull Sales

Every year children are killed during agricultural work activities.

People often believe that farm children understand farm risks, but most children who are injured in agricultural incidents are family members.

Auction Marts like farms are not playgrounds, Children though are naturally curious, and will often get into apparently inaccessible places

Remember that although parents have a particular responsibility to prevent their children straying or trespassing into areas where they may be at risk, all adults working in agriculture – employers, employees, contractors or other visiting workers – MUST take responsibility for the safety of children and young people.

To Reduce Risks, we should

❑ Prevent children and young people from playing in or around livestock areas. Animals do not need to attack to pose a danger to people

❑ Provide adult supervision when children come into contact with livestock

❑ Make sure everyone working in the livestock areas is aware that children may be present.

❑ Explain that you are authorised to stop work if any children are in the work area and to send them somewhere safe.

❑ Not allow children out of a vehicle until vehicle is in a safe area and the children can be supervised. Prohibit children from walking across the loading/unloading area and do not enter or allow children to enter the crush zone when reversing vehicle up to loading/unloading ramp. Customers must ensure they supervise their children at all times in loading/unloading area.

If in any doubt you should ensure children

Cannot enter any yard, pen, ring or area occupied by potentially dangerous animals or vehicles

UnitedAuctions

Scotland's Leading Livestock Auctioneers

No children allowed in pennage area

CONDITIONS OF ENTRY

1. The Sale is conducted under the "General Conditions of Sale" which are exhibited in the Market and in accordance with the Regulations as approved by The Luing Cattle Society Limited.
2. Please note: Stock will be sold as they appear in the ring.
3. **All bulls will be subject to the upset price of 2,500gns.**
4. There will be no transfer fee for bulls or heifers bought at official Society Sales.
5. All Luing Cattle Society Sales are conducted under the National Beef Association terms and conditions of sale incorporating bull breeding and female breeding warranties. To cover the cost of the warranty service detailed on the following page, a charge of £10 + vat per animal will be split equally between purchaser and seller, applied by the Auctioneer at the point of sale.
6. Female due date is only a guide.

The sale will be conducted in Guineas.

HEALTH INFORMATION

Isle of Luing herd are;

Johnes 1 since 2012. BVD and IBR accredited.
Herd screened for Leptospirosis.
TB clear 2022 (4-year testing)
All stock entered into the sale have been BVD vaccinated with Bovela and Blue tongue Vaccinated with Bultavo

Breeding Values and what the figures mean - according to Signet.

Beef Value

The goal of the Beef Value is to 'improve financial returns by improving carcass weight, fat and conformation in line with current commercial carcass pricing structure'.

E.g. a bull with a Beef Value of +20 B is expected to produce calves with £10 more value in terms of carcase weight, fat and conformation than calves sired by a bull with a Beef Value of 0 B.

Calving Value

The Calving Value is designed to be a terminal sire selection tool. It's objective is to 'improve financial returns, by reducing costs associated with difficult calving's and longer gestation length's.' It is calculated using the EBV's for Calving Ease (direct) and Gestation Length, both of which are highly correlated to Birth weight.
The higher the Calving Value the fewer difficulties that should be encountered at calving.

E.g. a bull with a Calving Value of +4 is expected to produce calves that save an average of £2 in calving and gestation length costs compared to calves sired by a bull with a calving value of 0 C.

Maternal Value

The Maternal Value is designed to predict the overall economic value of an animal's genetic ability to produce breeding females. In the female it predicts the overall value of an animal's maternal characteristics. It is calculated using EBV's for Maternal Calving Ease, 200-day milk, Age at first Calving, Longevity and Calving Interval.

E.g. a bull with a Maternal Value of +20 is expected to produce female replacements whose maternal characteristics are worth, on average, £10 more to the herd over their lifetime than females produced by sires with a Maternal Value of 0 V.

Maternal Production Value

The Maternal Production Value is designed to predict the economic value of an animal in terms of its genetic ability to produce quality females for breeding and beef carcase characteristics. It is calculated using the Calving Value, Beef Value, Maintenance Value (when available to the Luing breed) and Maternal Value.

E.g. a bull with a Production Value of +60 P is expected to produce offspring that, on average, are worth an additional £30 to the herd by merit of their maternal and terminal sire attributes than offspring of a bull with a Production Value of 0 P.

Myostatin Testing and Sire Verification

Myostatin.

The bulls forward for sale have all had their DNA taken and checked on the instruction of the Luing society. Any abnormalities for myostatin have reported in the footnotes of each bull.

Sire verification.

DNA from the bull for sale has been compared with DNA taken from his sire to ensure that the sire mentioned in the pedigree is correct.

Example of one of the table attached to the bulls.

Beef Value, Calving Value, Maternal Value and Maternal Production figures.

Beef Value +10 (70)	Calving Value -2 (54)		Mat. Value +2 (34)		Mat. Production -6 (44)				
Scrotal Cir.(cm's) 40.5	Bulls Weight 700 Kg		Cow Classification		Calving int. 352 Days				
Height (inches) 54.5	Feet 10	Udder 10	Temp 10	Age at First Calving 24 mths					Cow Kg
Bulls Frame Score 6.2	Locomotion 10		Teats 10	Condition Score 10					777 Kg

The Following figures were all gained on the 30/09/2026 by the Luing Society Breed manager Bruce Gilchrist.

Scrotal Circumference – Measurement around the widest circumference of the bulls testicles. (Minimum for an approved Luing bulls is 38cm)

Height (inches) – Taken from the shoulder.

Bulls Weight (Kg) – Taken on day of inspection.

Frame Score – Using the height and age of the bull and applying the formula created by the Uniform Beef Improvement Program.

The following data was gain from the breed manager's observation of the bull's mothers. And Scored 6-10 with anything less than 6 deemed a fail.

The Feet shape, Udder Condition, Teat size and positioning, Her Locomotion, Her Body Condition Score, Temperament and Skeletal Score. She was also weighed on this day.

The age in Months when the cow had her first calf and her yearly calving interval.

All heifers were weighed on the 07/10/26

Rising two year old in-Calf Heifers (E)

Crystalyx UK

Rising two year old bulls

LOT 71 LUING EMMET

UK 541236 410586
DOB 2-3-2025
Hetrozygous Polled
No Myostatin Variants

Luing Yoda	Luing Supreme
	Luing Bardrishaig M46
Luing Ardlarach Y78	Luing Vesuvius
	Luing Ardlarach V25

Beef Value 20	Calving Value 4		Mat. Value 12		Mat. Production 15	
Scrotal Cir.(cm's) **35cm**	**Bulls Weight** **604KG**		Skeletal Size 7		Calving int. 367	
Height (inches) **52**	Feet 8	Udder 9	Temp 9	Age at First Calving 2		Cow Kg 704
Bulls Frame Score **5.73**	Locomotion 7		Teats 8	Condition Score 7		

Emmet is out of a moderate framed Ardlarach cow and is sired by Luing Yoda, who has proven to be very easy calving. Emmet is a particularly attractive deep red bull who holds himself well and combines moderate frame with good maternal figures. He is heterozygous polled and carries no myostatin variants

LOT 72 LUING EXTRA

UK 541236 410789
DOB 12-3-25
No Myostatin Variants

Luing Zeus	Luing Reece
	Luing Ardluing R76
Luing Bardrishaig Z55	Luing Valhalla
	Luing Bardrishaig N647

Beef Value 19	Calving Value 3		Mat. Value 20		Mat. Production 21		
Scrotal Cir.(cm's) 37.5cm	**Bulls Weight 561Kg**		Skeletal Size 7		Calving int. 371		
Height (inches) 52	Feet 7	Udder 9	Temp 10	Age at First Calving 2		Cow Kg 640	
Bulls Frame Score 5.77	Locomotion 7		Teats 9	Condition Score 8			

Extra comes from exceptionally docile cow families on both sides of his pedigree, his dam Bardrishaig Z55 is a neat small dark red cow with excellent udder and teats. On his sire side he again traces back to Ardluing R76 who is still going strong at rising 14 years old and is currently in calf with her 12th calf. Extra is a moderate framed bull with strong maternal figures and carries no myostatin variants

LOT 73 LUING DANTE

UK 541236 210381
DOB 27-2-2024
No Myostatin Variants

Luing Yogi	Luing Vesuvius
	Luing Ardlarach V85
Luing Leccamore X02	Luing Tyson
	Luing Leccamore S48

Beef Value 23	Calving Value 3		Mat. Value 19		Mat. Production 21		
Scrotal Cir.(cm's) 38	**Bulls Weight 734kg**		Skeletal Size 9		Calving int. 365		
Height (inches)	Feet 9	Udder 9	Temp 8	Age at First Calving 2		Cow Kg 626	
Bulls Frame Score	Locomotion 8		Teats 9	Condition Score 8			

Dante's Dam Leccamore X02 Was Classified in 2025 by Charlie Symons

Dante is by Luing Yogi and Out of Leccamore X02 a moderate size slightly flightier cow, he has a good balance of both beef and maternal figures dante is a well put together moderate framed bull with good feet and locomotion and carries no myostatin variants

D & J CAMPBELL LTD

Operating for over 75 years within the agricultural industry and with three generations worth of knowledge and experience, we pride ourselves in being able to provide a reliable and efficient service within the haulage industry

This includes:

- Transportation of livestock
- Suppliers of hay, straw, lime and firewood
- General haulage - low loader transport
- Refridgerated transport
- Hiab hire
